Homophones are two or more words that share the same pronunciation, but which have different spellings or meanings.

It is important to know the difference in meaning between homophones. Discussing the morphology (internal structure) and etymology (origin and meaning) it can help children remember differences

Your child is currently exploring **homophones** in their spellings. It is important that you child understands the meaning of the word by becoming a "word whizz", is able to put it into a sentence (that makes sense) and be able to both read and spell the word accurately.
